COMPANY PROFILE

A MANUFACTURING POWERHOUSE

www.eximiusindia.com

OUR STORY

Eximius Group began with a vision to build industrial solutions that are ethical, efficient, and environmentally conscious. What started as a modest enterprise in 2011 has grown into a diversified group spanning non-woven fabric, the solar energy sector, and green packaging. Our growth reflects our adaptability, innovation mindset, and relentless pursuit of quality.

Over the years, our team has expanded in expertise, our processes have matured, and our product lines have evolved with a focus on global competitiveness and long-term value. With each milestone, we have reaffirmed our commitment to building not just products, but a better, cleaner, and more responsible industrial ecosystem.

**CHAIRMAN'S
MESSAGE**

**ETHICS
BEFORE
EVERYTHING**

At Eximius, we believe that integrity and responsibility are not just business principles; they are the foundation of everything we do. From our earliest days, we have built this organization on the unwavering belief that ethical practices are the only true path to sustainable and meaningful growth.

Our motto, "Ethics Before Everything," is more than a slogan. It is a promise to our customers, employees, partners, and the environment. It reflects our daily commitment to fairness and accountability. Whether we are developing advanced materials or innovating technologies, we make every decision with honesty at its core.

In today's fast-paced world, where short-term gains often take precedence, we remain steadfast in our long-term vision, which is to grow with purpose and lead with values.

With gratitude and conviction,
Apurva Zalawadia
(Chairman)
Eximius Group India

OUR VISION

To be a leader excelling in various business verticals and a global benchmark in sustainable industrial manufacturing driven by quality, innovation, and responsibility.

OUR MISSION

To empower industries with eco-friendly, efficient, and cutting-edge products while nurturing long-term partnerships, always putting end users at the center of our mission.

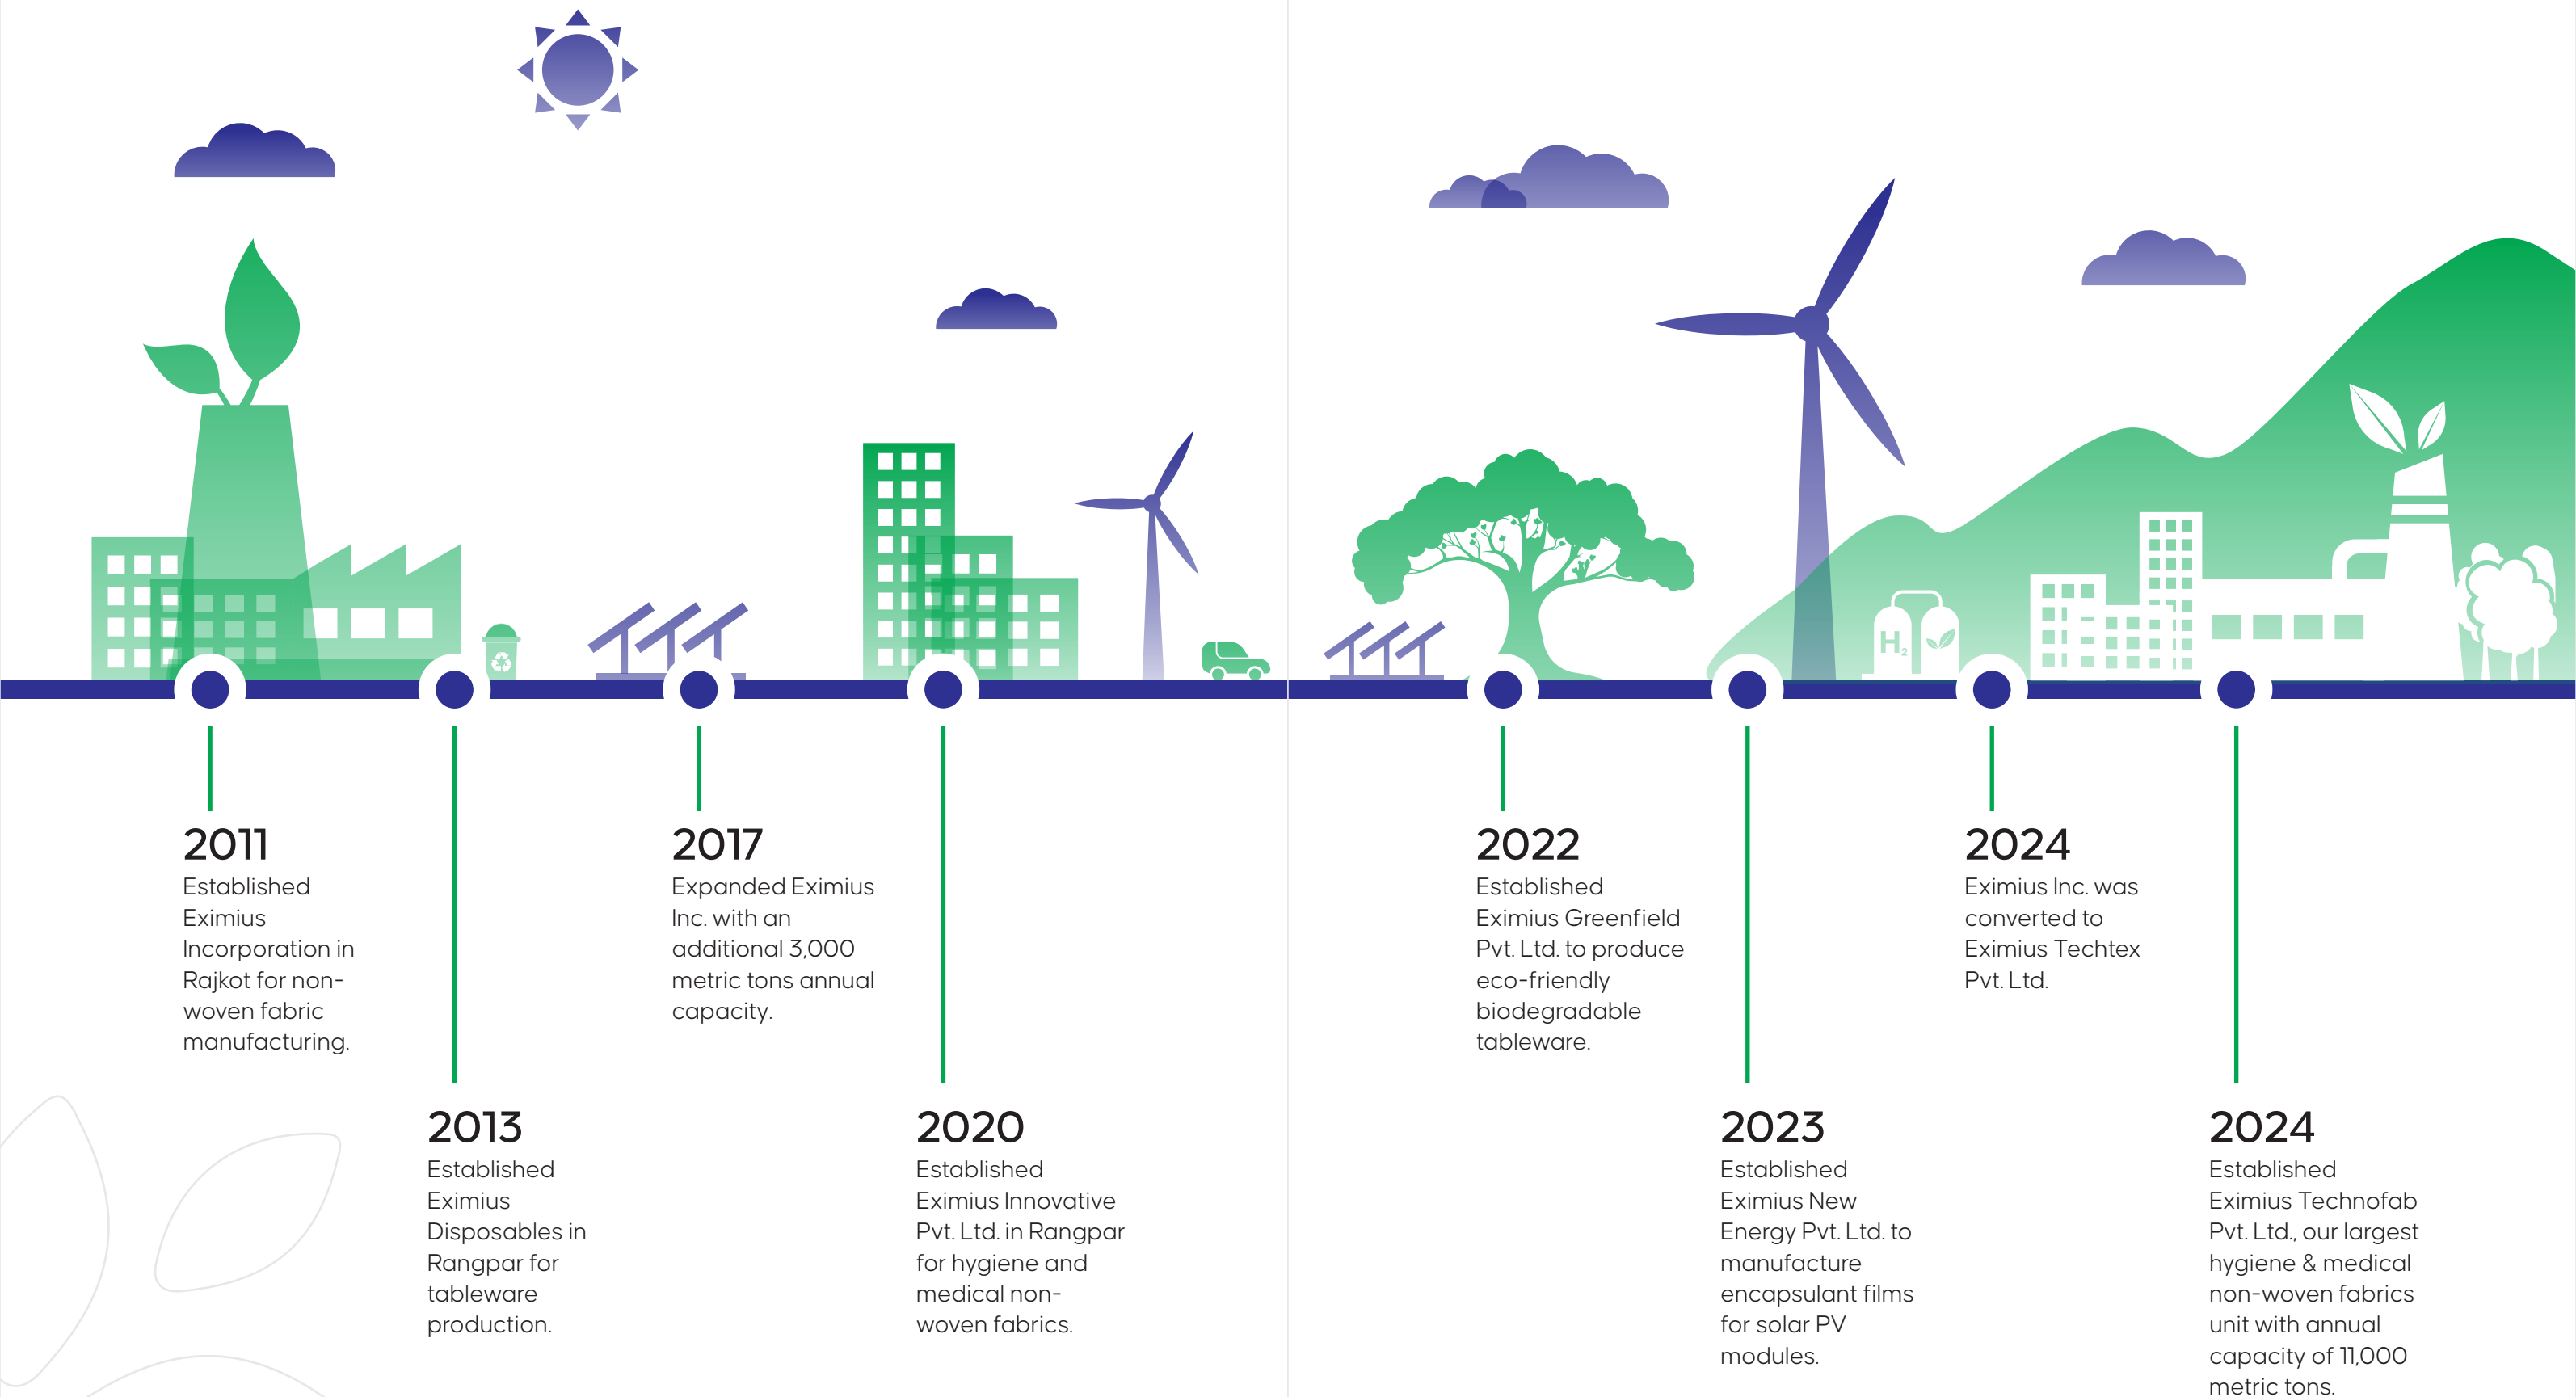

CORE VALUES

Integrity, Innovation, Sustainability, Excellence, and a Customer-Centric Approach - We strive by these values, and the very essence of these values is instilled in our people to offer solutions that matter and offer change.

**WE ARE
WHAT WE
DO & WE
TRY TO DO
OUR BEST**

MILESTONES

PROUD MOMENTS THAT SHAPED THE EXIMIUS GROUP

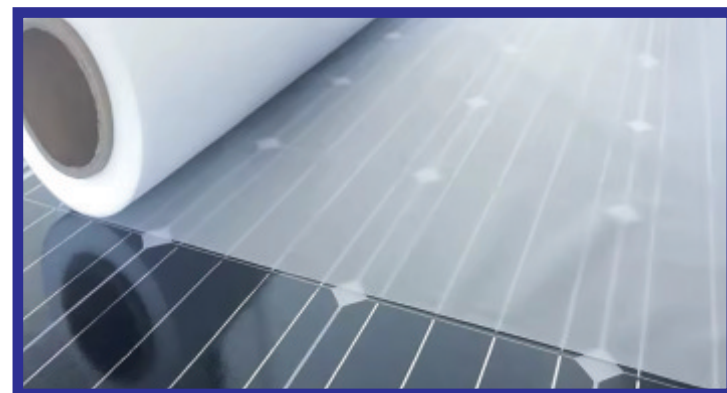

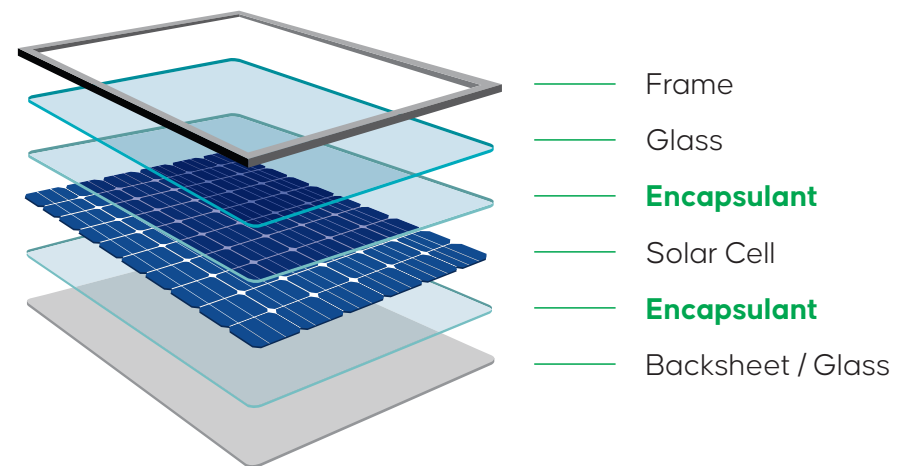

OUR BRANDS

SOLAR ENCAPSULANT FILMS (EVA, EPE & POE)

Our state-of-the-art solar encapsulant films (EVA, EPE, POE) are engineered for modern solar module technologies. Eximius EVA/EPE/POE encapsulant films ensure optimal performance, longevity, and reliability under harsh climatic conditions.

We are currently operating with 3 GW annual production capacity. We aim to gradually expand to 15 GW by 2028.

NON-WOVEN FABRICS

We operate three advanced manufacturing units with a combined production capacity exceeding 20,000 metric tons per year, specializing in polypropylene spunbond non-woven and spunmelt non-woven fabrics. Our facilities are equipped with state-of-the-art technology to ensure consistent quality, customizable specifications, and eco-conscious production. We serve a diverse range of industries, including packaging, agriculture, medical, and hygiene.

Eximius
Disposables

DISPOSABLE TABLEWARE

We are manufacturers of 100% compostable, eco-friendly tableware crafted from bagasse, the fibrous residue of sugarcane. With a product range that includes plates, bowls, clamshells, and compartment trays, the company is redefining sustainable dining through innovation and responsibility.

What sets Eximius apart is that we proudly operate a first-of-its-kind, fully automated robotic manufacturing plant in India, ensuring hygienic, high-speed, and precision-driven production with an annual production capacity exceeding 5,500 metric tons.

Our tableware products are plastic-free, oil-proof, microwave-safe, and designed to decompose naturally, making it ideal for food service, hospitality, and conscious consumers worldwide.
